BSc & MSc in Industrial Engineering
September 2010 - August 2014

LANGUAGE SKILLS

English / Italian

Native / Bilingual proficiency

German

Professional working proficiency

PROFILE

I am a self-taught software developer. I love challenges, problem-solving and projects delivery. I am a self-starter who loves to learn new skills and improve existing ones. My professional and life experiences brought to me a solid blend of technical knowledge and project delivery awareness, a great combination in today's fast-paced work environment.

SKILLS

- TypeScript / JavaScript
- React / Next.js / Remix.run
- HTML5 / CSS3 / Styled Components / SASS
- Redux / Redux Toolkit
- Jest / React Testing Library

PROJECTS

Personal Portfolio

Stack: React / React Router / SASS

Fully responsive personal portfolio app showcasing my work -

<https://towerbrother.github.io/portfolio-app>

Weather App

Stack: React / SASS

Simple weather forecast application for retrieving data from OpenWeatherAPI -

<https://towerbrother.github.io/weather-app>

JavaScript Calculator

Stack: HTML / CSS / Javascript

Simple, modern-looking calculator coded with Vanilla JS - <https://towerbrother.github.io/JS-calculator>
